Of the Popularity Contest Only Three Weeks Off.

Young Ladies Are Eagerly Waiting For Flash-Handsome Prize To Be Awarded the 16th.

The vote to date follows:
Miss Lila Brooks, Middletown.....200
Miss Pearl Roberts, Anchorage.....200
Miss Elsie Westbury, Middletown.....200
Miss Ruth Hall, St. Matthews.....200
Miss Mary Hoke, R. R. 1, Harwood.....200

Although the close of the popularity contest in the First Magistrate District of the county is only a little over three weeks off, the young ladies are still making a "waiting race" of it, their totals being increased but little this week over last week's vote. However, the wise ones, who seem to know, say some of the girls are not casting all their votes, and you cannot tell much about how the vote stands from the publication in the paper. Maybe this is true.

You know, the contestants are allowed to either cast their votes when they are issued or to keep the ballots themselves and put them in the box later. If any of the contestants desire to do this they may send in their subscriptions and request us to send ballots to them.
If you want your favorite to win, now is the time to go to work for her. Remember, the winner will have choice of \$50 diamond ring and a \$50 set of tableware; the third prize being a \$20 Eastman camera. August 27 will soon be here—do not lose a vote. Every minute, as well as every vote, counts in this contest.
The contests starting this week at Percy & Coleman's store does not count with this one in any way whatever. The Jeffersonian will give 100 votes in this contest and 1,000 votes in the piano contest with each subscription. So, you can work for friends in both contests.

Extra Prize Offer.

SCHOOLS

In Jefferson County Can Be Improved by McFerran Plan.

Mr. A. R. Lipscomb Writes That We Should Do Our Utmost by Our Most Precious Heritage, the Children.

To the Editor of The Jeffersonian: I was very much impressed with the plan for the improvement of public schools in Jefferson county proposed by my good friend, J. B. McFerran, and printed in a recent issue of your excellent paper. I vote with pleasure that you have given this matter approval in your editorial columns. So far from being a mere fustian of sentimentality, it is a plan to me as a business proposition, thoroughly practical, far reaching and well worth the careful consideration of every citizen who has the interest of the children at heart. It is not the voice of the pessimist, but the voice of the statistician who tells us that Kentucky ranks far below her sister states along her educational lines. The fact that we are a chivalrous home loving people, proud of our excellent paper, is not a maker of the deplorable conditions of our schools appear more shameful than otherwise. Our lack of good schools and modern equipment cannot be laid at the door of trustees, most of whom are honorable men and are doing the best they can under the circumstances. It is chiefly due to the lack of funds. The matter of finance is the obstacle that we have not been able to overcome.

McFerran presents a clear, lucid, and at the same time a simple way in which this obstacle can be surmounted without the sacrifice of one of our part of our citizens. If we adopt this plan, it will be in accord with the old and ever useful adage "What the people want is what they get." The fact that the plan calls for the issue of county bonds and a tax of 10¢ on each \$100.00 of county property should stand in the way of its acceptance. Figures from other States indicate that such a tax is far below the average, and yet it has been demonstrated that the plan, if it will mean that our school facilities are as good as those in any other county in the land.

Another wise provision is that which calls for an equable distribution of the money to be raised and the location of school buildings to be determined in the way of the enhancement of the value of this property within the time selected for the retirement of the bonds would have no objection to the small tax involved.

The Louisville Commercial Club is just now concentrating its energies toward the betterment of its city schools in securing the election of a non-partisan, non-political Board of Education who will see to it that our schools are wisely and equitably distributed and that we have all modern improvements. Our motto "We want the best for our children." The motto should be "We want the best for our country." By the city of Louisville but by Jefferson county at large. We would not only welcome but would support a similar movement in the county looking toward the improvement of our schools. Being in close proximity, there is no reason why the two Commercial Clubs should not work hand in hand in many things where our mutual interests are concerned. We notice you have started a movement for an auditorium and for other improvements in your thriving little city; but the thing that means more to you than anything else is the betterment of your public school system. Your crop of children may not necessarily be so prolific as in other parts but you should see to it that your product is absolutely the best that can be had.

If you are content to read this plan for the betterment of our schools, admire it and forget it, the plan itself and all the good things it promises will vanish like the wind. It is the thing that we are going to have, and it is certainly high time to awake out of our sleep, to act and not to dream. To do the thing proper to our movement and to our faith will require determination and united effort, tact, patience and perseverance. Past experiences may seem to have been a failure, but it means experimental. Let us go in with the thought that it is a good thing and deserves to win. The voice of the pessimist may seek to dampen our faith and to discount our courage, but with the mighty hand of providence to help us, with the encouragement of other states to inspire us, without our dear children and those of the next generation beckoning to us, let us give this plan hearty support and do our duty by our most precious heritage.

A. B. LIPSOMB, Louisville Commercial Club.

Death of Mrs. S. A. Elliott.

Mrs. S. A. Elliott, formerly of Ames, Iowa, after a brief illness, passed away at the home of her daughter, Mrs. M. J. Anderson, of Fern Creek, on Thursday evening July 14, in an attempt to climb the porch steps. Mrs. S. A. Elliott fell to the ground, sustaining a broken right hip. The doctor was immediately summoned, but no fractures were then detected and the injury was not considered serious. Sunday morning a change for the worse came and death, under its claim Tuesday, July 19, at 4:45 p. m.

Sarah Ann Leakey was born in Henry county, Ind., April 29, 1830. She was the daughter of Mr. Levi Leakey, who passed away ten years ago, being in his ninety-fourth year. She was united in marriage Aug. 24, 1849, to Mr. Matthew D. Elliott, of Henry county, Ind. Here they lived until 1854, when they moved to Story county, Iowa, where she successfully settled in that section and having as their principal neighbors the Potawatomi Indians.

Mr. Elliott was taken to his eternal home March 17, 1889. Mrs. Elliott lived in Story county until February of 1905, when in her eightieth year she successfully traveled alone from Ames, Iowa, to Fern Creek, where she anticipated spending the remainder of her days with her eldest daughter, Mrs. M. J. Anderson, of that place.

Besides two brothers, Mr. Amos Leakey, of Anderson, Ind., and Mr. Isaac Leakey, of Ames, Iowa, and a sister, Mrs. Margaret Reesner, of Armstrong, Iowa, Mrs. Elliott was survived by five children, viz: Mrs. Levi Elliott, of Westwood, Ind.; Mrs. M. J. Anderson, of Fern Creek, Ky.; Mrs. Malissa Kelley, Mrs. Rachel Jones and Mrs. Emma Jones, all of Ames, Ia.

Deceased is also survived by thirty-two grandchildren and thirty-two great-grandchildren. At the time of her father's death two five generations existed in her family. Mrs. Elliott was of a most amiable character and a consistent member of the Cammille faith. The funeral was held from the Beulah Presbyterian church on Thursday, July 21, at 10 a. m. conducted by the pastor, Mr. Geo. Greck, assisted by Rev. E. W. Elliott, of Buchel, Internment took place in the Pennsylvania Rural cemetery.

Funeral services were taken home. Her life was as cheer. Her death was no longer here. Shall we stand and weep. Her thinking of our sorrow? No, let us cheer and sing. Prepared to meet her on the morrow. And soon in that glorious home. We shall meet her on the morrow. Where death can break no heart-string. And we shall part, no more.

FISCAL COURT

Holds Session and Magistrates Decide to Buy Automobile For Use of Members—\$250 Subscribed to Build Model School.

At least six members of the Jefferson County Fiscal Court are of the opinion that the time is ripe for thinking of what good times they are going to have touring the country in road inspections, in a fine Packard touring car. Justice Hollis, however, says that it is within his power there will be no automobile by the members of the Fiscal Court. He declares that he will enjoy the purchase of the car.

By a vote of six to two the court decided in its session Tuesday to purchase an automobile for the use and benefit of the members of the court at \$4,300.05. The motion was made by Magistrate Dasher, who as chairman of the committee, stated that the members of the committee had tested all the machines in the city. The vote on the motion to purchase the machine stood.

Yeas—Magistrates Wheeler, Robb, Dasher, Vogt, Browning and Berry. Nays—Magistrates Dorey and Hollis. The contract to the digging of what is known as the Mill Creek cut, from Mill Creek to Can Run creek, a distance of about a mile, was awarded to C. J. Mahan, of Henderson, for \$25,300, he being the lowest bidder of six contractors. This will be the first work on the big ditch that is to drain the low lands of the third and fourth magisterial districts. Work will probably begin within the next week or two. About 85,000 cubic yards of earth will have to be removed in this contract.

Mrs. Willis Hays and Mrs. John L. Woodbury appeared before the court for an appropriation for the model schoolhouse to be built on the State Fairgrounds by the Federation of Women's Club. They only asked for \$100 and received \$250.

TEACHERS

For Eight Schools in Division No. 3 Named Last Saturday.

Prof. R. H. Snavely Elected Trustee of Jefferson School and Mr. J. B. Alley For Fern Creek School.

At a meeting of Educational Division No. 3, held in Jefferson town last Saturday, teachers were appointed for the remaining schools without teachers, except the Fairmont school. Two new trustees were also appointed. J. C. Alcock, trustee of sub-district No. 2, Jefferson, and secretary of the Board, resigned his position and Prof. R. H. Snavely was appointed in his place. When Mr. Alcock accepted the place a short time ago he did so with the understanding that he would serve until a good man, with time to devote to the school, could be selected. That man was found in the person of Prof. Snavely, and after much urging by his friends, he consented to take the office. He had been a teacher for several years and at present is a teacher in the Louisville Male High School. The trustees should be exceedingly proud to have such a man at the head of the school at this place.

Mr. M. F. Johnson resigned as trustee of the school in the district No. 5, on account of holding a county office, which disqualified him for the position. He is clerk of the Jefferson Court. Mr. J. B. Alley, of Fern Creek, was appointed in his place, and is a man who should render much good service to the school.

Following are the schools and teachers appointed at the meeting Saturday: Swamp College, Miss Myrtle Johnson, of Kentucky, assistant. Prof. F. J. Blasinger was appointed principal of this school at the Board meeting in June. This school, Miss Blanche Thomas, of Memphis, Ind. Primrose school, Miss Mattie Robinson, of Buchel. The way of the school, Mrs. A. D. Vincent, of Louisville. Calvary school, Miss Sallie E. Washburne, of Louisville.

Brookside school, Miss Pearl Anderson, of Buchel. Bethlehem school, Miss Nellie H. Singleton, of Buchel.

St. John's school, Miss Lillian E. Parks, of Louisville.

In two or three cases the teachers were appointed without their contracts, and until they are notified of their appointment it will not be known whether or not they will accept.

EDGAR STIVERS

Shoots Sam Hornbeck While Acting in Fit of Insanity. It is Said—Latter Will Recover.

While in a fit of insanity, Edgar Stivers, aged 27 years, the son of Frank Stivers, living on the Hardwood farm, near Fern Creek, emptied the contents of a shotgun into the arm and side of Sam Hornbeck, a neighbor, about 10 o'clock Tuesday morning. Mr. Hornbeck was passing the Stivers farm, when without warning, Edgar Stivers ran out and began firing at him.

The shooting caused much excitement in the neighborhood, and the villagers running to the place. In the meantime Hornbeck was unconscious from the loss of blood. Mr. Rash and Blankenship, who were summoned to attend the wounded man, overpowered the insane man. He was turned over to Frank Tyler, who took him to Lakeland asylum.

Stivers had been an inmate of the asylum for several months, but about a month ago he was declared to be of sound mind and was allowed to return to his home. Stivers' affliction is said to have been the result of an attack of typhoid fever.

The physician who attended Hornbeck said that while his condition is serious, his injuries will not result fatally. Hornbeck is a fruit grower and is situated behind the Stivers' place.

Card of Thanks. We wish to express our sincere thanks and appreciation to friends who so kindly extended their help and sympathy during the illness and loss of our beloved mother and grandmother.

FIRE ENGINE

With Necessary Apparatus Seems to Be Assured.

Commercial Club Meets Monday Night And All Preparations Made—Ex-Chief Tyson Present and Talks.

A fire engine with all necessary apparatus now seems to be a certainty for Jeffersontown. The Commercial Club met at Bruce Hall Monday night and considered the question of fire protection for the town. Ex-Chief Filmore Tyson, of Louisville, was present and gave some valuable instruction to the members of the club. As he had not gone over the town, he was not in a position to advise just the things that were needed for protection, but will come out next Sunday and investigate the matter and then make a report at the next meeting of the club. In his remarks Capt. Tyson said a gasoline fire engine was much better than a chemical engine for a town of this size, if plenty of water could be secured. The cost of everything needed has been estimated at \$1,200, and the soliciting committee is now raising money by subscription. Several hundred dollars has already been subscribed.

It is to be hoped that the property holders of the vicinity will recognize the importance of securing fire protection and subscribed liberally to the fund to purchase the engine, etc. As it is now, we are at the mercy of Providence—no protection whatever. If a first-class engine is purchased the property holders will get their money back in a short time by the reduction in insurance rates, which doubtless would be made. Subscriptions will be taken at this office, and you are urged to act at once. Call us up once in a while to let us know how much you will give.

The next meeting of the club will be held Monday night, August 15. Capt. Tyson will be present and give full information as to what we need and what the costs will be. It will be an open meeting and everybody is urged to be present.

The heaviest rain of the season fell here last Wednesday, causing the streams both large and small to overflow their banks and do a great deal of damage to fences, gardens, crops, etc. Pigeon Creek overstepped her bounds and became a rushing torrent and entering what is known as the Boston house, although it was not nearly so high as it was July 21, 1890, when so much damage was done along its course.

Tobacco at State Fair.

A tobacco exhibit surpassing anything of the kind ever seen in America is promised for the Kentucky State Fair of 1910, which will be held in Louisville the week of September 12.

Wm. Addams, of Cynthiana, will be the member in charge of the exhibit.

P. P. Scherer, of Carrollton, is superintendent, with an associate in E. S. Rees, of Louisville. The latter has been actively engaged for several weeks in the collection of the exhibit, and an especially interesting display is promised from the dark tobacco district. Present indications point to an average Kentucky crop, and advice received from those in charge of the work indicate that the individual samples put on exhibit will be of unusual worth and the volume of exhibits will be the greatest in fair history.

In the Butler type exhibits will be shown for some time such as 1910, Red Leaf, Bright Leaf, Clearcut Wrapper and Bright Truan types will be shown in the tobacco exhibit.

Similar premiums are offered for the dark tobacco exhibits. Entries being confined to the crop of 1910. The following types are listed for prizes: Austrian Leaf, Black Wrapper, Long or African Leaf, French Leaf, Italian Leaf, Green River Leaf and Stemming Leaf. In addition to the prizes mentioned, valuable sweepstakes premiums are offered in all three classes.

The official sanction of Kentucky to the tobacco exhibit is illustrated in the donation of \$100 by Commissioner of Agriculture M. C. Rankin. This money is distributed through premiums. Every grower is invited to compete for one or more of the premiums, each will be supplied with whatever information is desired upon communication with either the official in charge or the Secretary of the State Fair.
